Receiver PCB close view top

The image shows a close-up of the top of a Receiver PCB. The board is green and populated with various components. A large black component labeled 'DAMM RFTL CONVERTER' is prominent on the left. A silver component labeled '0198' is in the center. A small black component labeled '223 Coilcraft D' is on the right. A white label with a barcode and text 'M.2 (S42) 31E3 P/N DHM24-32GD09BW1DC 32GB' is visible. Two gold-plated SMA connectors are at the top, connected by a braided cable. A barcode label '2052014' is on the right. The board is mounted in a metal chassis.
