Spectrum Efficiency Attestation

Emission designator	Type of information	Data rate or # of voice channels
7K60FXW	DMR Voice	One voice channel per 6.25 kHz bandwidth
7K60FXW	DMR Data	9600 bps
6K00F3E; 11K0F3E; 16K0F3E	Analogue Voice	One voice channel per 6.25 kHz
20K0D1W	0.20TETRA	16 kbps (8 kbps per 6.25 kHz bandwidth)

We attest that the transmitter meets a minimum spectrum efficiency standard of one voice channel per 6.25 kHz of channel bandwidth in accordance with 90.203j(4).

We further attest that data emission designators meet a minimum spectrum efficiency of 4800 bps per 6.25 kHz of channel bandwidth.

Signed,
