Date: 8th April 2015

Ref: FCC ID Z64-WL18SBMOD / IC 451I-WL18SBMOD

To Whom It May Concern,

This letter is confirmation of our request to apply for a C2PC for the Bluetooth & WiFi chip supplied by Texas Instruments Inc.

The module has been certified under the FCC ID Z64-WL18SBMOD on the 3rd February 2014 and under IC 451I-WL18SBMOD on the 6th February 2014.

The changes of the module compared to the present grantee are as follows:

- the module will be installed in a device which will be used near body (<20 cm)
- the module will be used with a different antenna than mentioned in the present grantee.

No other modifications are performed. In addition, the changes don't have any impact on the approved radio parameters such as power, frequency range, modulation etc.

Accompanying this letter is a letter from Texas Instruments confirming their permission for us to carry out this change.

We hope this meets with your approval and should you have any queries, please feel free to contact us.

Yours Faithfully,

A handwritten signature in blue ink, appearing to read "Santtu Naukkarinen".
