OPERATING INSTRUCTIONS

Operation requires 4 "AA" 1.5V alkaline batteries (not included) for car and one 9V battery (not included) for remote control.
1. Carefully remove items from package.
2. Locate the battery compartment on the back of each item (see diagram on right).
3. Switch latches on bottom of car to release battery pack and insert batteries.
4. Switch both car and remote buttons to "ON" position.
5. For best result use the car on hard surfaces such as wood or tile.

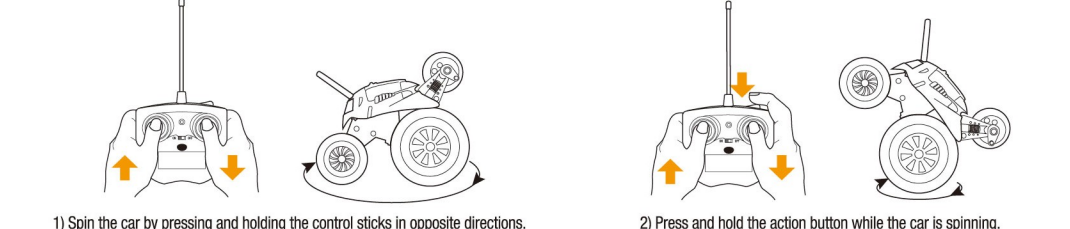

KEEP THIS PACKAGE FOR REFERENCE AS IT CONTAINS IMPORTANT INFORMATION.

GENERAL CONTROLS

SPINNING ON REAR WHEEL (ACTION BUTTON)

SAFETY PRECAUTIONS

- Do not operate during inclement weather.
- Avoid water, sand and snow when operating car.
- Do not operate car on or around a road.
- Never operate your car on the street or highway.
- Never operate your car in a confined or crowded area, and do not use people or animals as obstacles.
- Do not run your car into vehicles, objects or hard surfaces, as this will cause damage to both the vehicle and the car.
- Keep fingers, hair and loose clothing away from the tires, gears and motor while the car is running.
- Do not touch car or transmitter near sources of heat or other direct sunlight for long periods of time.
- Do not touch car or transmitter outside overnight. Darkness is harmful to electronic components.
- Remove all batteries when not in use to avoid accidental operation.
- Adult supervision is recommended when operating this car.

BATTERY WARNING:
• Do not mix alkaline, standard carbon zinc or rechargeable batteries.
• Replace batteries only with the correct number, size and rated output (voltage) battery.
• Remove batteries when not in use. Do not store batteries in a dry, damp or wet area.
• Do not short-circuit or otherwise damage the batteries.
• Do not use the batteries for anything other than the intended purpose.
• Do not use the batteries for anything other than the intended purpose.
• Do not use the batteries for anything other than the intended purpose.
