Confidential

EN Power ON/OFF

1. Power ON when taken out of the case.
2. Power OFF when placed in the case.

Note:
If there is no Bluetooth connection for 10 minutes after power on, the case will turn off automatically.

Pairing

1st Pairing

1. Taken out of the case. White and blue LEDs will blink alternately.
2. Select "EDIFIER X2s" in your device setting to connect. White LED will blink twice in 5 seconds when successfully.

Note:
For subsequent use, the earbuds will automatically connect to the device used last time.

Reset

1. Taken out of the case.
2. Disconnected to any Bluetooth device.

Press and hold the touch panel on either earbud for around 8s until blue LED blinks rapidly to clear the Bluetooth pairing record and turn off. If the left and right earbuds are connected, the other side will clear the Bluetooth pairing record and turn off after.

3. Placed back in the case and taken out of the case again.
4. Select "EDIFIER X2s" in your device setting to connect. White LED will blink twice in 5 seconds when successfully.

Left & Right connection

1. When earbuds are turned on and there is no Bluetooth connection and TWS connection, respectively tap the touch panel 5 times on both earbuds until white LED blinks slowly to enter TWS pairing mode. Once the left and right earbuds are connected successfully, white and blue LEDs will blink alternately to enter Bluetooth pairing mode.
2. Select "EDIFIER X2s" in your device setting to connect. White LED will blink twice in 5 seconds when successfully.

Charging

Earbuds

1. When hearing a low battery prompt tone, please place the earbuds in the case for charging.
2. White LED on earbud is steady lit when charging and off when fully charged.

Charging Case

1. Please connect the case to power source with the included Type-C charging cable for charging.
2. White LED is steady lit when charging and off when fully charged.

Note:
Please do not charge the earbuds when there is sweat or other liquids inside the charging port, which may damage the earbuds.

Input: 5V === 200mA(Earbud)
5V === 1A(Charging case)

FCC statement:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
 (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

IC statement: CAN ICES-003(B) / NMB-003(B).

FCC ID: Z9G-EDF205
 IC: 10004A-EDF205

Declaration for EU
 Frequency Band: 2400MHz ~ 2483.5MHz
 RF Power Output: +13 dBm (EIRP)
 There is no restriction of use.

Hereby, Edifier International Limited declares that the radio equipment type EDF2000P1 is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address:
<https://www.edifier.com/int/eu-doc.html>

Input: 5V ≍ 200mA(Ear buds)
 5V ≍ 1A(Charging case)

EDIFIER®

FCC Regulatory Compliance

Warning: changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF Exposure Compliance

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

ISED Regulatory compliance

This device contains licence-exempt transmitters that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s).

Operation is subject to the following two conditions:

This device may not cause interference.

This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

L'appareil ne doit pas produire de brouillage;

L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This equipment complies with IC RSS-102 radiation exposure limits set forth for an uncontrolled environment.

Cet équipement est conforme aux limites d'exposition aux radiations IC CNR-102 établies pour un environnement non contrôlé.
