TECHNICAL SPECIFICATIONS.....13	1.WELCOME Thank you for using the Z-S2. We hope you will enjoy it! Z-S2 FEATURES • Super micro design. • CVC echo cancellation for crystal sound when calling • Easy remote control • Supports APTX for sound enhancement • Embedded microphones for hands-free conversation from Bluetooth-enabled cell phones																										
2.HEADSET OVERVIEW  Charging port Volume up Multi-function button Volume down 2.1 INCLUDED ACCESSORIES Eargels USB Cable	3.HOW TO WEAR 3.1 CHANGING EARGELS Choose between 3 sets Eargels for optimal fit and comfort 	3.2 WEARING THE EAR STABILIZER When wearing the headset, the ear stabilizer fits into back of the ear. 																										
4.HOW TO CHARGE THE BATTERY Remove the charging cover on the left earbud to expose the micro-USB port. Plug the USB cable into the headset and the PC to begin charging. It take approximate 2 hours to fully charge the headset. Note: For safety reasons, it is recommended not to use the headset while it is charging. 	5.HOW TO CONNECT 5.1 CONNECT WITH A BLUETOOTH DEVICE 1.Press and hold(8 sec) the Multi-function button until the LED rapidly flashes blue and red alternatively. 2.To connect Z-S2, go to the Bluetooth menu on your phone and select it from the list. Note: After you have connected once, simply turn on the device to connect automatically. 	5.2 CONNECT MULTIPLE DEVICES It is possible to connect multiple mobile devices to the headset using Bluetooth. If two mobile devices are connected to the headset at the same time and one of the devices loses connection, the Multi-function button will control the remaining connected device(Pause/Play for Music and Answer/End for calls). To reconnect the disconnected device go to the Bluetooth menu and reconnect.

A Bluetooth is a radio technology that is sensitive to objects between the headset and the connected device. Ensure the headset and the connected device are within range(Upto 10m/33 ft). Q What is the range of the headset? A The Z-S2 supports the following maximum ranges: 10m/33ft. Q Why do I not hear anything? A You might need to increase the speaker volume, or ensure that the headset is connected to the device. Q I am having Bluetooth connection problems A Check your mobile device's Bluetooth menu and delete/forget the headset. Re-connect the headset to your Bluetooth device following the Bluetooth connection instructions.
