Difference Declaration

To whom it may concern:

We,

Corporativo Lanix S.A. de C.V.

Address: Carretera Internacional Hermosillo-Nogales Km 8.5, Hermosillo Sonora, Mexico

There is not any difference, it is only two ways for naming the same model: **Alpha 950 / α950**

The second option with symbol **α** is called Alpha in the Greek alphabet.

So in this way we can use any of this two strings for marketing.

If you have any other question, please do not hesitate to contact with me.

Best Regards.
