

Single modular approval Declaration letter

We, Haier US Appliance Solutions, Inc. apply Single modular approval for

Product Name: **BT CAT BOARD ASM**

Model: 191D9618, GEMDBT4004

FCC ID: **ZKJ-BLEC002**

According to 996369 D01 Module Equip Auth Guide v01r04 and 15.212 requirement:

1) The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly;

Answer : Yes; RF part is 2 side shielded

2) The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal;

Answer : Yes; All inputs to the modules are buffered through logic or microprocessor inputs.

3) The modular transmitter must have its own power supply regulation.

Answer : Yes; A low drop out regulator is used for modular power supply regulation.

4) The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b);

Answer : Yes; Device is equipped with PCB antenna.

(5) The module must demonstrate compliance in a stand-alone configuration;

Answer : Yes; distance between modular and all AEs are longer than 10cm , refer to setup photo.

(6) The module must be labelled with its permanently affixed FCC ID label, or use an electronic display (See KDB Publication 784748 about labelling requirements);

Answer : Yes; The modular has a permanent fixed label, and below statement was listed in the User Manual; The host device must be labeled to display the FCC ID of the module Contains FCC ID: ZKJ-BLEC002

(7) The module must comply with all specific rules applicable to the transmitter including all the conditions provided in the integration instructions by the grantee;

Answer : Yes; The module comply with all specific rules applicable to the transmitter including all the conditions provided in the integration instructions by the grantee. Refer to test report and user manual .

(8)The module must comply with RF exposure requirements

Answer : Yes;Transmitter meets MPE calculation of 47 CFR 1.1307 . Refer to MPEReports
and Refer to modular installation manual

**About Model: 191D9618, GEMDBT4004, all models are electrically identical , only
Model no is different**

Name : Rob Bultman

Title : Principal - Software Architecture

Company: Haier US Appliance Solutions, Inc.
