Product Equality Declaration

We, Power Idea Technology (Shenzhen) Co., Ltd., hereby declare that we are fully responsible for our product **Tablet**, Brand name: **RugGear**,Model name/HVIN: **PTHA02G**,
FCC ID: ZLE- PTHA02G
IC : 11113A- PTHA02G

All components, RF parameters, software and hardware versions are the same as original product, except for below differences:

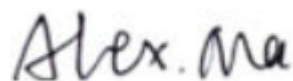

- 1. The resistance on the SI signal has been adjusted from 5600/1.1K Ω to 0, and the relevant SI signal has been optimized.
- 2. Remove the high-speed switch diode from the screen signal (pull it up to the power or ground), and change the series resistance from 39 Ω to 0 Ω .
- 3. Modify the three 560 Ω resistors of the camera MIPI signal string to 0 Ω .
- 4. NFC matching has been optimized and adjusted.
- 5. Simplify or delete the voltage sensor circuit.
- 6. Replace the current limiting fuse with a 0R resistor.
- 7. Disconnected the VBAT FUSE enable of the battery (distinguishing the battery).
- 8. Replace the dock charging fuse with a wire.
- 9. Replace the upper limit current switch of the screen with a 0R resistor.
- 10. The difference in battery capacity is small due to different battery models, but the battery manufacturers are the same. The details are as follows:

Original battery	Current battery	Original cell	Current cell
Model:MBP940AA01	Model: BL810AMP	Model: UF653864S	Model:G603863P
Manufacturer: BMZ	Manufacturer: BMZ	Manufacturer:Panasonic	Manufacturer:Zhengzhou
Company (Shenzhen)	Company	Group, SANYO	BAK Electronics Co.,
Limited	(Shenzhen) Limited	Electric Co., Ltd.	Ltd.
Capacity:8160mAH	Capacity:8100mAH	Capacity:2100mAH	Capacity:2100mAH

Power Idea Technology (Shenzhen) Co., Ltd.

Except for the above-mentioned modification, all the other portions remain unchanged.

Sincerely,

A handwritten signature in black ink that reads "Alex. Ma". The signature is written in a cursive, slightly slanted style.
