| Exhibit Type            | File Name                   |
|-------------------------|-----------------------------|
| Block Diagram           | Block Diagram.pdf           |
| Schematics              | Schematics.pdf              |
| Operational Description | Operational Description.pdf |
| Part list               | BOM.pdf                     |
| Tune up                 | Tune up.pdf                 |

Since this design is a basis form which future technological products will evolve, Fibocom Wireless Inc considers this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Thank you for your attention to this matter.

Yours Sincerely,
