

ZC10L Position of Label

**Model**
ZC10L

Auto Voltage Range
Input Voltage: 100-240VAC
Current: 3.1-1.3A
Frequency: 50-60Hz

1641133829ES

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

CAN ICES-3(A)/NMB-3(A)

FCC ID : ZQUZC10L
Model : ZC10L
IC : 9764A-ZC10L
