Attention: Application Examiner / Review Engineer

Subject: Request for a Class II Permissive Change

FCC ID: **ZSS-ZSAIBC660K**

Grant Date(s): **02/22/2024**

Pursuant to CFR47 §2.1043, the Grantee hereby requests a Class II Permissive Change for the above identified device.

Following changes apply to the modified device:

The modular approved transmitter is integrated by the Grantee into his own dedicated host device with FCC ID: ZSS-ZSAIL20 using an alternate antenna trace design with new external monopole antennas:

ANT-ROD-30 with ANT-BASE-06
ANT-ROD-65 with ANT-BASE-06
ANT-ROD-76 with ANT-BASE-06
ANT-ROD-90 with ANT-BASE-06
ANT-ZS-FLEX-30
ANT-ZS-FLEX-65
ANT-ZS-FLEX-76
ANT-ZS-FLEX-90

There are no changes (HW/SW) made to the transmitter portion itself and the above listed changes result in the same RF characteristics as in the original filing - therefore the not repeated test results continue to be representative of and applicable also to this modified device.

Sincerely,

A handwritten signature in blue ink, appearing to read "S. Berghahn".
