Step 2: enjoy

Adjust Nova's shape exactly how you want it.

Bend and manipulate Nova carefully to avoid damage.

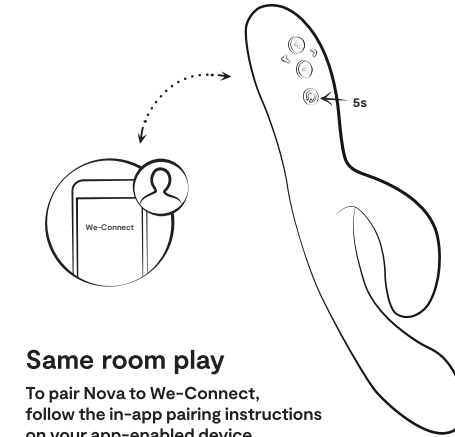

Add water-based lube to Nova and to your body.

Step 3: charge

Enjoy up to 2 hours of play with every charge. When it's time for a recharge, place charger on magnetic pins. After 90 minutes, your toy is ready to go!

Step 4: pair

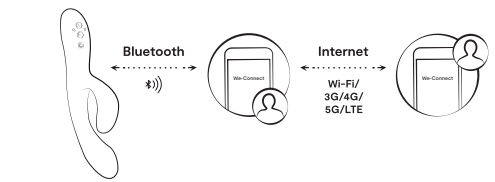

Same room play

To pair Nova to We-Connect, follow the in-app pairing instructions on your app-enabled device. Press and hold the toggle button for 5 seconds. Nova vibrates twice and the LED will start flashing. Nova is in pairing mode now. Once paired, Nova will vibrate three times and the LED will stop flashing.

Long distance play

To play long distance, both you and your partner need the We-Connect app on your app-enabled devices. Nova is then paired to the device that remains within Bluetooth range.

Step 5: travel

For safe and discreet travel, activate the travel lock feature by holding the + and - buttons at the same time for 2 seconds. Nova will pulse twice and your device will lock – do the same again to unlock or connect Nova to the charging cable.
