Hello.
How can I help you?

Connecting to Cortana

- 1 Install **Cortana Device Setup** from the Windows Store or the **Cortana** app from the Google Play Store or Apple App Store.
- 2 Connect the USB cable to the AC adapter ①, and then connect the AC adapter to an AC outlet ②. Connect the other end of the cable to the micro-USB port on the speaker ③.

- 3 When you hear the voice prompt, run **Cortana Device Setup** or the **Cortana** app on your device, and then say or enter **Setup my speaker** to connect the speaker to your Wi-Fi network.

You must create a Microsoft account.

- 4 After the setup is complete, say **"Hey Cortana"** to activate Cortana, and then say a voice command after the speaker light turns on.

Connecting to Bluetooth

Say **"Hey Cortana,"** and then say, **"Pair to my Bluetooth device."**

Meet Cortana®, your very own personal digital assistant

Hello.
How can I help you?

Cortana can do all kinds of things, like give you reminders, play your music, track your favorite teams, make Skype calls, and much more.

She's always learning, so the more you use Cortana, the better she'll be able to help with the stuff that matters most.

Whenever you need assistance, just say, "**Hey Cortana,**" and then ask your question. The top of the device will light up to show Cortana heard you.

Check out some suggestions to get you started.

Hey Cortana,
play jazz music.

Your personal assistant is also your personal DJ. Just ask Cortana to play your favorite songs, playlists, artists, or genres.* Try saying ...

"Hey Cortana ...
... next track."
... what song is this?"
... stop the music."

*Works with select music subscription services

Hey Cortana,
remind me to meet
Amy at 2 p.m.

Cortana has your back. She'll help you stay on top of things so you can do more and worry less. Try saying ...

"Hey Cortana ...
... set a timer for 10 minutes."
... add bread to my grocery list."
... what's my schedule today?"

Hey Cortana,
call Sam.

Cortana uses Skype to connect you with the people you care about most.

- Make Skype-to-Skype calls to connect you with the people you care about most.
- Make calls to mobiles and landlines worldwide at low rates.

"Hey Cortana ...
... call mom mobile."
... call the nearest pharmacy."
... call 555-555-5555."

Hey Cortana,
how tall is
Mount Everest?

Ask Cortana to find a fast fact, check the traffic on the way to work, translate a phrase, or get an update on a stock price or score. Try saying ...

"Hey Cortana ...
... what's 64,000 divided by twelve?"
... what's the news?"
... how do I say 'Hello' in Spanish?"

Cortana across your devices

Cortana is available for Windows, Android, and iOS devices so she can help keep track of things and give you updates wherever you are. Set a reminder on your Invoke speaker at home, and have it pop up on your phone or PC wherever you are. Cortana is there when you need her.

Cortana app required for Android and iOS devices (requires Android version 4.1.2 or higher, or iPhone 4 with iOS 8.0 or higher).

Cortana's got skills

Get more done hands-free. Cortana works with a growing number of apps, services, and devices so you can do more things around your home using just your voice.

Using Spotify Connect

This speaker includes Spotify Connect, which allows you to listen to music on the speaker without interruption when using your device.

You must have a Spotify Premium account to use Connect. To create an account, go to spotify.com/freetrial.

- 1 Be sure that the speaker is on and connected to the same Wi-Fi network as your device and that you have the most recent version of the Spotify app downloaded to your device.
- 2 On your device, open the **Spotify** app.
- 3 If you are using a phone, tap the **Now Playing** bar on the bottom of the screen. Then tap **Devices available**.
– or –
If you are using a table or computer, select the **Connect to a device** icon.
- 4 Select the speaker.
