PHOTOGRAPHS OF THE EUT

(For demonstration prototype)

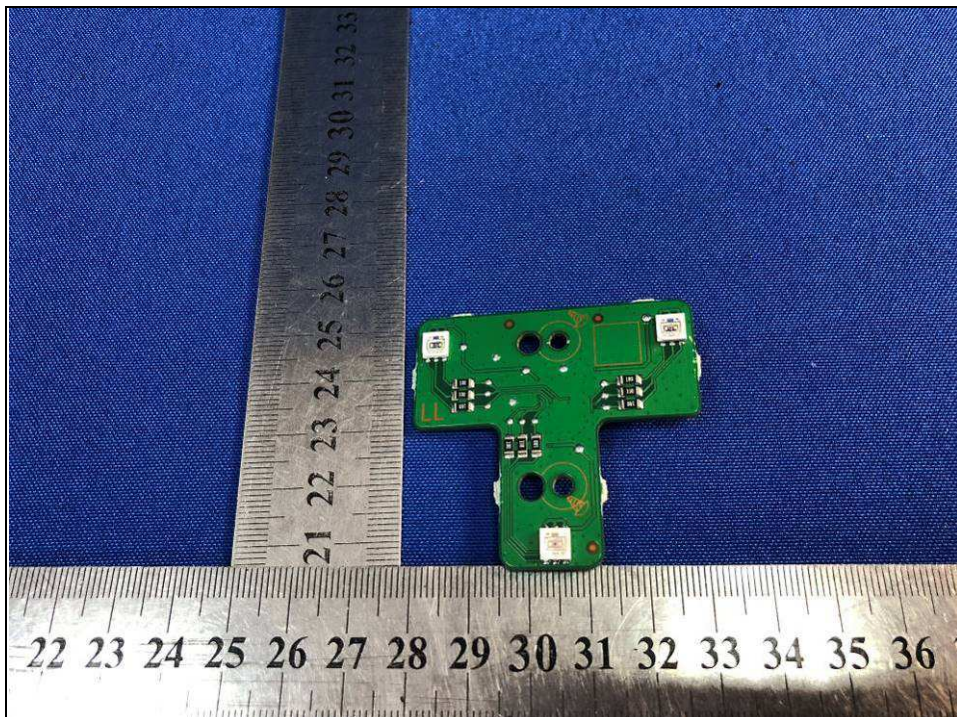

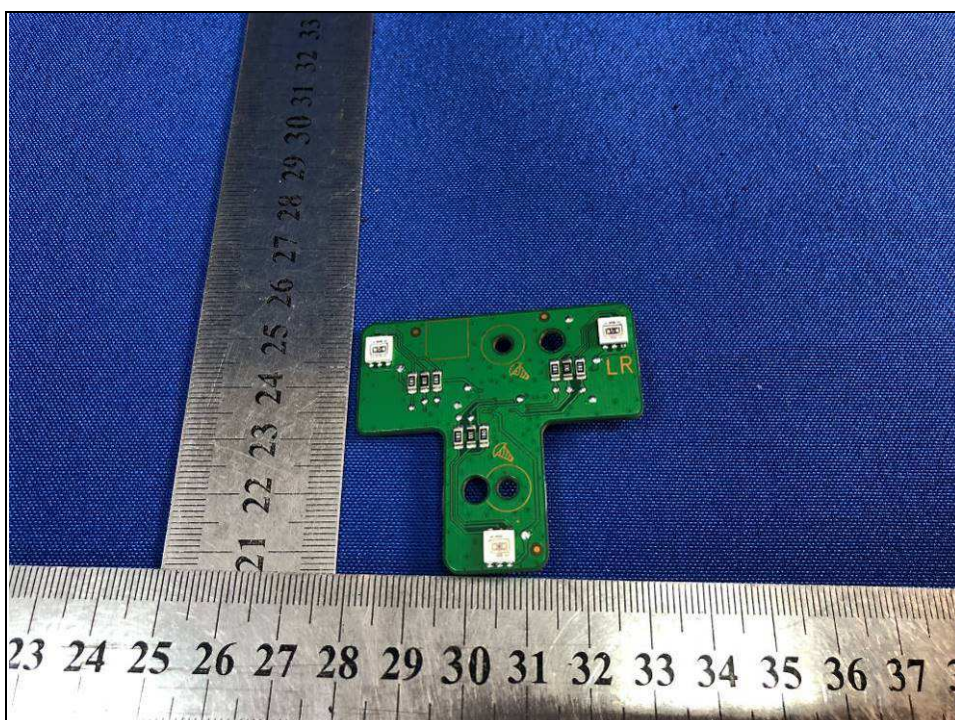

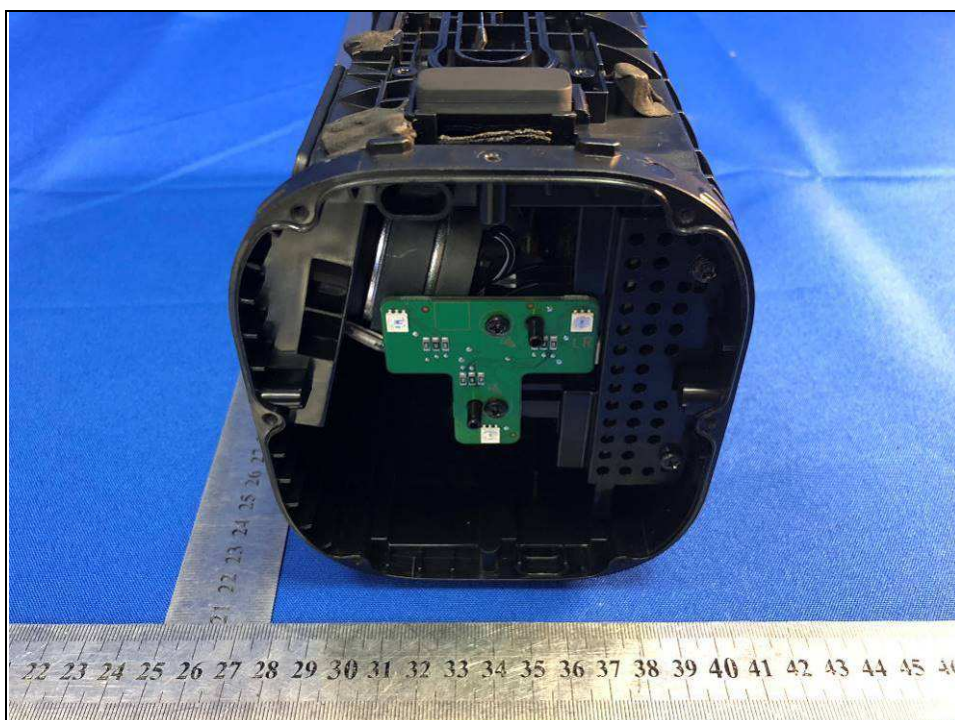

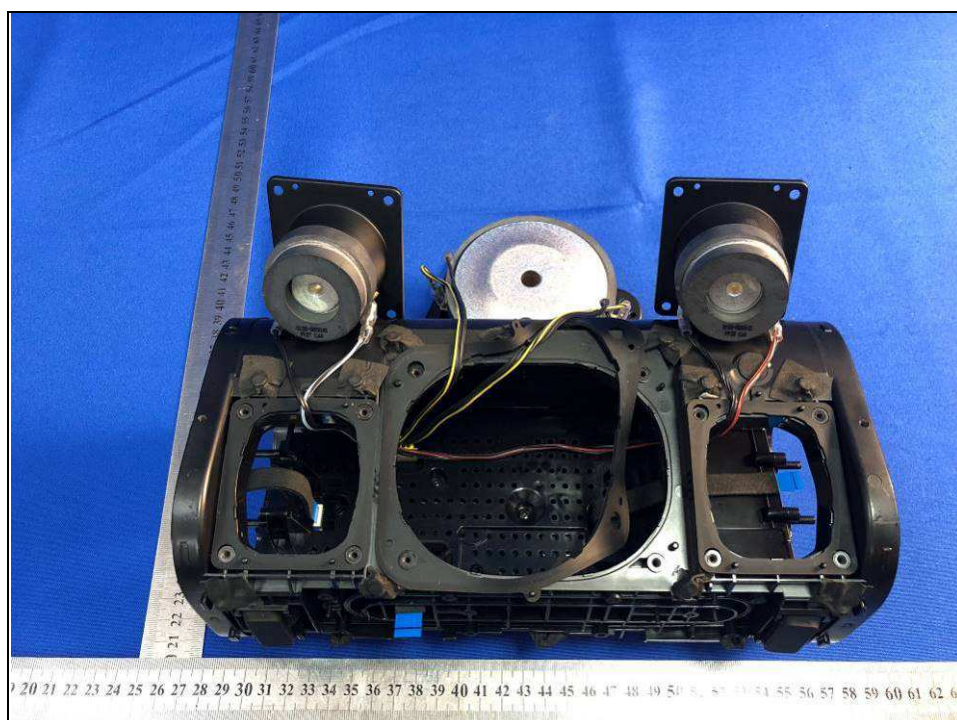

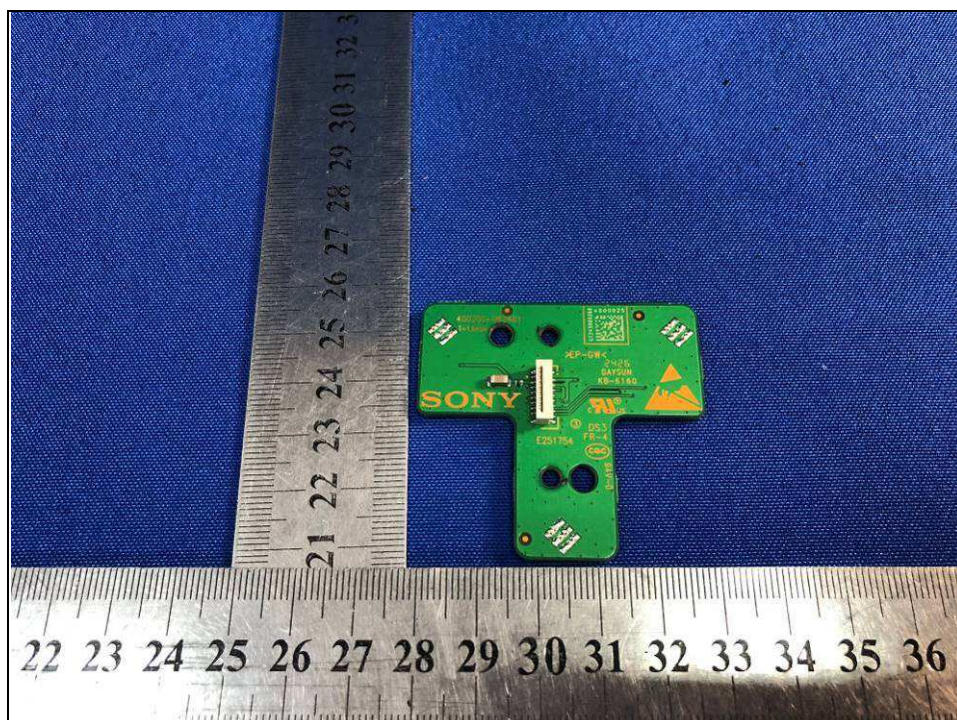

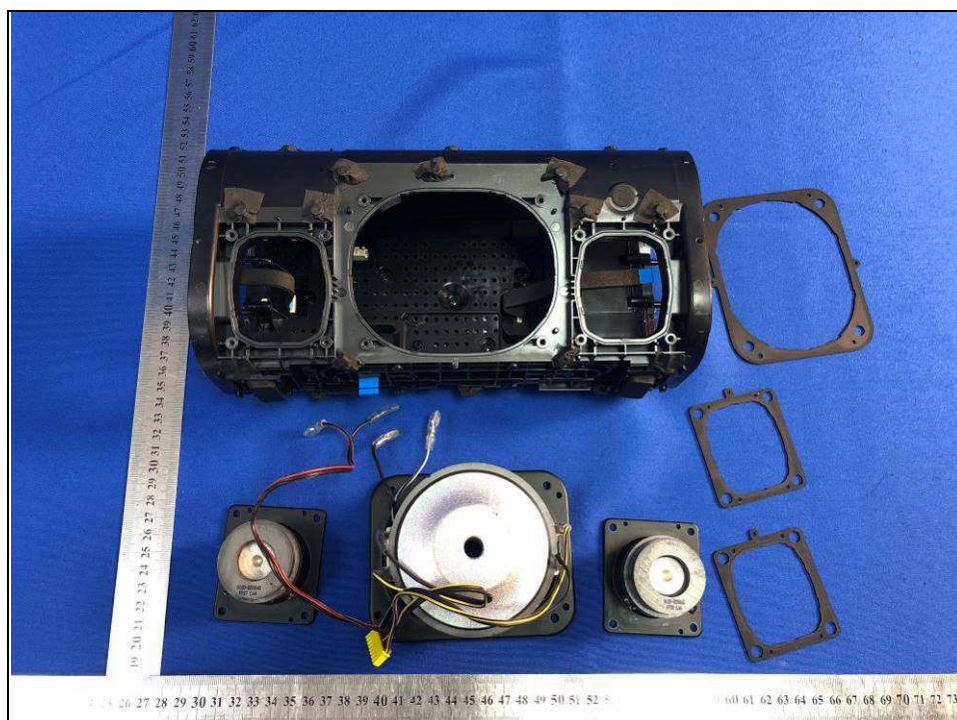

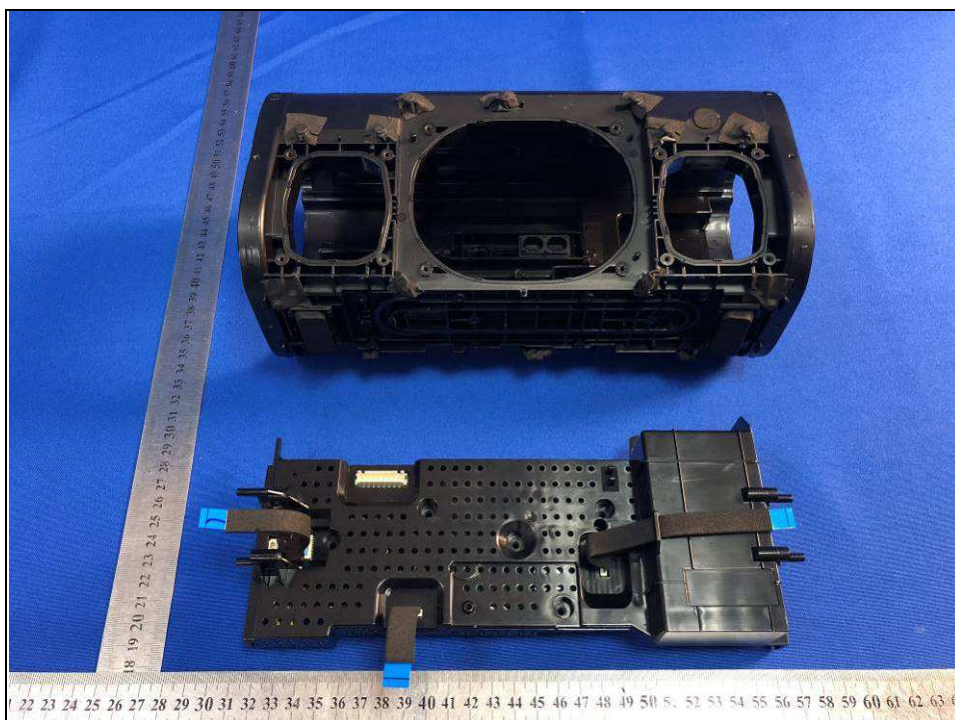

A photograph of a green Sony PSP-3000 game module, which is a small electronic component used for playing PSP games. The module is shown next to a ruler for scale. The ruler has markings in centimeters, with the module's length spanning from approximately 21 cm to 31 cm. The module itself is green with gold-colored text and markings. It features a small white label with a QR code and the text "PSP-3000" and "SONY". There are also several small holes and a gold-colored connector on the module. The background is a blue textured surface.
