Solder Board-Component View 2	 A photograph of a green printed circuit board (PCB) component, labeled 'View 2'. The board is rectangular and populated with various electronic components, including a large square integrated circuit (IC) in the center-right area. The board is placed on a blue surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the board's length spanning approximately 100 mm. The board features numerous solder points and pads, indicating it is a soldered component.
Solder Board-Component View 3	 A photograph of the same green PCB component, labeled 'View 3'. This view shows the board from a slightly different angle, highlighting the soldered connections and the placement of components. The board is again placed on a blue surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the board's length spanning approximately 100 mm. The board features numerous solder points and pads, indicating it is a soldered component.
