治具板

A USB-UART adapter module is shown against a blue background. The module consists of a green printed circuit board (PCB) with a USB-A connector at the bottom. Various electronic components are mounted on the board, including a microcontroller, several capacitors, a green LED, and a small silver component. The PCB has labels such as "USB-UART", "CH6", "CTS", "DTR", "RTS", and "TXD". The module is connected to a USB cable.
