| <p>EUT Housing and Board View 1</p> |  A photograph showing the back of a white electronic device (EUT) and its internal components. The device is placed on a blue surface next to a black ruler. The ruler has markings in centimeters (0 to 100) and millimeters (0 to 10). The device's back cover is removed, revealing a black printed circuit board (PCB) with various components, including a battery, a camera lens, and a barcode. The device is oriented horizontally.   |
| <p>EUT Housing and Board View 2</p> |  A photograph showing the front of a white electronic device (EUT) and its internal components. The device is placed on a blue surface next to a black ruler. The ruler has markings in centimeters (0 to 100) and millimeters (0 to 10). The device's front cover is removed, revealing a blue printed circuit board (PCB) with various components, including a battery, a camera lens, and a barcode. The device is oriented horizontally. |
