A photograph of a Ricoh PWB-S63-ND printed circuit board (PCB) with various electronic components and a ruler for scale. The board is green and populated with numerous components, including integrated circuits, capacitors, resistors, and a large black component labeled '501ST'. A white label on the board reads 'D3GF5664 31100006'. The Ricoh logo is visible in the bottom left corner. A ruler at the bottom indicates the board's dimensions in millimeters, ranging from 0 to 90 mm.

The image shows a green printed circuit board (PCB) with various electronic components. The board is labeled "PWB No. D575176A" and "SAMSUNG". A ruler is placed below the board for scale, showing measurements in millimeters. The board features several integrated circuits, including a large black chip labeled "SAMSUNG S-3833555A". Other components include resistors, capacitors, and a multi-pin connector on the right side. The board is mounted on a white surface.
