A photograph of a coiled white cable, likely a fiber optic cable, resting on a blue surface. The cable is loosely coiled into a large loop. At one end, there is a small, white, rectangular connector with a red stripe. A small, clear plastic piece is attached to the other end of the cable. A ruler is placed horizontally below the cable, showing measurements in both inches (0 to 10) and centimeters (0 to 25). A vertical ruler on the right side of the image shows measurements in inches (0 to 10) and centimeters (0 to 25). The background is a solid blue surface.
